

ANACAPA YACHT CLUB

NOTICE OF RACE

Channel Islands to Newport 2007

Date: Saturday, April 21, 2007

Course: From Channel Islands Harbor to Newport Harbor (75nm).

Skippers' Meeting: Friday, April 20, at 6:30 PM at Anacapa YC. The bar will open at 6 PM, and dinner will be served immediately following.

Classes: Our goal of starting all yachts before noon will most likely result in breaking the fleet into two or possibly three classes. Class breaks will be determined at the skippers meeting.

Entry Fee: \$30.00 (Mooring fee is separate) Mooring arrangements at ALYC must be received at Anacapa YC by April 10, 2007. An entry form is provided on the next page or can be downloaded from our web site

<http://www.anacapayachtclub.com>

Start: Location of the starting line will be announced at the skippers' meeting. It will near the detached C.I. breakwater. As in previous years a **reverse start will be used** with the yacht's start time being determined by its handicap. Like last year, a strong effort will be made to start all yachts before noon. The first yachts from each class will start together.

Start time: Unless modified at the skippers' meeting, the first yacht in each class must be prepared to start at 10:00 AM. Postponements will be made in increments of exactly 30 minutes if, in the opinion of the race officer, insufficient wind exists to allow the first starters to make reasonable progress down the racecourse. Yachts can make inquiries as to the time of the first start after 10:05 AM by contacting the AYC Race Committee on VHF Channel 68. A worksheet will be provided to each skipper to aid them in determining their start time based upon their rating and the time of the first start.

Finish: Finish line will be inside the Newport breakwater. Details will be provided at the Skippers Meeting. Yachts are advised to record their own finish time, and note their position relative to other yachts. A change this year will be that all yachts must check in with the harbormaster to present registration and ID, and to pay the \$25.00 fee after they finish.

Moorings: American Legion Yacht Club and the Newport Harbor Master has graciously extended AYC the special courtesy of reserving a mooring for any yacht entered in the CI to Newport Race. Better yet, the charge is only \$25 for the week. This offer is strictly limited to boats entered in this race. We need to let ALYC know by April 10, 2006. If you intend on needing a mooring, please E-mail me at hornloaded@hotmail.com ASAP! I need the Boat and the length to reserve the moorings.

Trophies: A trophy presentation will be held at Anacapa YC at 7:00 PM on Saturday, May 5, 2007. Bar opens at 6:00 PM, with dinner immediately following.
