

Cruising with AYC

2017 Master cruising calendar

Out on the hook

Novice Intermediate Advanced

February 2017, 18th Anchoring and ground tackle 101 Class by Joe Underwood. I will be covering the basics of anchoring, methods on how to deploy a stern anchor, Communicating with your crew and having the correct size and type of ground tackle for anchoring in our area.

March 2017 25th & 26th Smugglers cove. This is great place to get to some of the rich history of the island going ashore can be tricky as the wave action can produce braking waves at the shoreline.

April 2017, 22nd & 23rd Little Scorpion, Time to get the dinghies and Kayaks out this is a place to explore, caves and lots of nature.

May 2013, 27th 28th & 29th The annual ASBCYC all club cruise to Prisoners Harbor Santa Cruz Island. This is the place to be for Memorial weekend, this cruise is always a great adventure. Weather is important factor here as it has been blown out several times, but in past years it has been an amazing treat with the whales breaching right in front of the anchorage for hours on end.

June 2017, 24th & 25th Coche's Truly a great adventure with loads of cool spots to see and a white sand beach that begs you to come ashore and relax with games and friends.

July 2012

Fun at the island

July 2017, 1st through 4th Forney's Cove. Looks scary but is a very good anchorage with a view that only God can create, awesome to see the potato patch between Santa Cruz and Santa Rosa from this vantage and a great place to go ashore. July 2017, 28th & 29th Pelican Cove, best spot on the front of the Island.

August 2017, 12th & 13th Fry's Harbor. This is one of my favorite anchorages this is the site where most of the Ventura original breakwater was quarried.

September 2017, 2nd 3rd & 4th Santa Barbara Harbor, This is to support the Santa Barbara city race/ Tequila derby, take the long weekend and enjoy Santa Barbara at its finest with all the racers. We have a breakfast Sunday Morning at the Santa Barbara Yacht Club and party the weekend away.

October 2017, 7th & 8th Pelican Anchorage. Great spot for a dinghy tour and adventure. This is where the old hotel was stood and the sights ashore are unbelievable. The Pelicans nest here and an old faithful blowhole just adds to the majestic qualities of this anchorage.

November 2017, 11th Lunch Cruise to Frenchy's cove Anacapa Island.

December 2017, 30th through January 1st: Annual Club Cruise to Coches, bring in the New Year AYC style out on the hook...

All scheduled cruises are subject to the current weather conditions. It is the responsibility of each skipper to check said weather and sea conditions to make sure that they are suitable for their said vessel. The times and dates on the cruising calendar are subject to change without notice.
